It has been a very busy term 3 for the Year Two’s!

Lots has changed for the Year Twos this Term. We have officially started Daily Five and we love it. We like it because we get to choose where we are working that day and what Café strategies we need to use to improve our reading & writing. We are learning about literal, inferential and applied questioning and how to write to inform. Procedure writing is an example of this and if we get really good at writing instructions and recipes we might be able to use them to make something one day!
In Mathematics we are learning to understand the connection between addition and subtraction. We are also getting really good at recognising repeated addition as multiplication. Learning how to tell the time to the quarter is something we need to work on every day. We had a great time playing ‘Time Hunt’ during our Maths lesson. We had to find analogue clocks hidden around the room and write the correct digital time! Our maths has changed this term too. Instead of set rotations we get to choose and check in to what skills we are working on for that session. It’s helping us to take responsibility for our learning and become more independent.

‘Book Week Dress Up’ was a very exciting day for us. We loved dressing up and now we can’t wait for our superhero day when we get enough Dojo Points!!!
